Advance Bulb List for Fall 1958

To all our gardening friends we offer this, our 1958 selection of the WORLD'S FINEST SPRING-FLOWERING BULBS for fall planting. Over eleven hundred varieties, some new, some old, have just completed their blooming season here in our trial gardens. The best of them we have chosen for this list. We have capitalized the names of some we wish especially to call to your attention.

Our season was marked by many wonderful flowers from the scores of new varieties our growers sent us for their first American trials. Many are offered in this list and we highly recommend them for your garden. Among the new tulips we recall Breeders, Fulton and Rayburn; Cottage, Rosa Watts; Darwins, All Glory and September Morn; also some beautiful new Species -- Fosteriana Zombie, and Kaufmanniana Daylight and Overture. Among the fine daffodils were the amazing Trumpet, Stentor; Large-cup, May Muriel; and Double, Blanche.

Remember this is an ADVANCE LIST. We can stock only a small fraction of this offering for fall buyers. All new varieties and many older ones are never too plentiful. So to avoid disappointment send in your order as soon as possible after receiving this list.
